Subject: Bill #5021

To whom it may concern,

I am writing to you regarding the proposed bill amending our blue laws. As someone who has worked in Connecticut's liquor industry my whole life, since 1996 at the age of 16, I do agree some of our laws are antiquated. Although I am bias I do believe that some of the proposed changes are not helpful and the public is being led to believe that its just the Sunday sales on the table. Its a lot deeper than that and I believe that the people of this state should know the full implications of this Bill. Allowing "big box" stores and volume discounting will all but wipe out a great deal of stores that have operated for generations making mom and pop stores a thing of the past. This needs to be slowed down to allow for everyone to know exactly what is being proposed for change. I thank you for reading this and hope my voice has a place in this matter.

Sincerely and respectfully,

Brian Glodgett
